Frequency Asked Questions

Q: What is Facilities Management?

A: The Washington University School of Medicine Facilities Management Department provides a range of services for the WUSM community, including planning, capital projects, transportation & parking, campus safety, custodial services, operations and maintenance for facilities, grounds and utilities in a customer-focused, efficient and sustainable manner. FMD maintains 50 university buildings and provides service to over 5.5 million gross square feet of space.

Q: What is the purpose of the Facilities Integrated Service Center and consolidated business operation (FISC)?

A: The FISC merged the operational service centers for Olin Residence Hall, Custodial Services, Facilities Engineering and Parking & Transportation into one. **It is a one stop place to go for any Facilities related needs, such as badging, parking, custodial, engineering, grounds and utilities.** The FISC also serves as the desk operation for the Olin Residence Hall. This change expanded our days and hours of operations in support of the students and campus to proactively meet our customers' business needs. The back office includes all FMD Business Support functions and was consolidated in support of the FISC and Quadrangle Lease Management activities.

Q: Where is the FISC located?

A: The lobby on the first floor of Olin Residence Hall (4550 Scott Avenue).

Q: What is the phone number and email for the FISC?

A: 314-362-3100 or wusmfacilities@wusm.wustl.edu

Q: What are the hours of the FISC?

A: Monday to Saturday, 7:00 AM to 7:00 PM and Sundays, 1:00 PM to 7:00 PM - After hour calls will be routed to our computer room and 24 hour/7 day a week support is provided.
