

Washington University Labor Rates

All WU Projects

July 1, 2016 through December 31, 2016

This sheet is issued only twice a year. Rates expiring within six months of issue are prorated to account for anticipated increases. Trades with prorated labor rates for the current six-month period are indicated with a "P" below. If anticipated rates are not available at the time of issue, the expiring rates will not be prorated but rather will be updated when the next sheet is issued in six months.
