

Dry Ice

Dry Ice is available for labs at both the Central Services dock and the CSRB dock. You may obtain dry ice by bringing a dry ice container to one of the docks. You will be required to sign your name, list the lab that you work for and the amount of dry ice that you are receiving. You may obtain 1 to 30 pounds of dry ice at a current price of .65 cents per pound. If you require more than 30 pounds of dry ice, you may pre-order it in bags of 50 pound pellets or 60 pound blocks. You may pre-order bulk dry ice by contacting Central Services at 362-3093 or CSRB at 362-8014 the day before any scheduled dry ice delivery.

Central Services and CSRB docks receive shipments of dry ice on Monday, Wednesday and Friday. You may pre-order bulk dry ice by contacting the Central Services 362-3093 or CSRB 362-8014 dock the day before any scheduled dry ice delivery.
