

FACILITIES OPERATIONS UPDATE
(Week of August 23rd to August 29th, 2015)

(Important WUSM coordinative communication. Please share by email.)

To: Key Stakeholders
CC: Facilities Management

This week's topics include:

- Temporary Closure of Children's Place for Mid Campus Center Crane Erection
- Changes to 4444 West Parking Lot

Temporary Closure of Children's Place for Mid Campus Center Crane Erection

From: Casey Brownfield, Project Manager

The tower cranes for the Mid Campus Center (MCC) project will be erected along Children's Place over the weekends of September 12th and 13th and September 19th and 20th. During these weekends, a portion of Children's Place will be closed to vehicular traffic. The attached document indicated in green the stretch of Children's Place which will be closed. The pedestrian traffic along the north sidewalk and the access to the College of Pharmacy parking garage will be maintained during the erection of the cranes.

Changes to 4444 West Parking Lot

From: Ken Zimmerman, Operations Manager

Last year, the 4444 West Parking Lot was designated as primarily a patient lot. While this change helped to address some of the patient parking needs, we are making a few changes to better facilitate parking for our patients. Effective August 31st, 2015, the parking lot will be designated for patients/visitors from 6am to 6pm, Monday through Saturday. Clinics will pass out permits to their patients. Visitors should register with the information desk on the first floor. The area will also be targeted for increased enforcement to ensure appropriate patient and visitor parking. Thank you for your assistance with these changes.
