## In This Issue

- Safety Topic of the Month
- Installation of Generator Exhaust Stack Outside West Building
  - Access Road Closed to BJCIH Dock
  - Update on Parking Garages

## Safety Topic of the Month

Environmental Health & Safety presents the July Safety Topic of the Month about heat related illness. Please read the [flyer](#) for more information about how to stay safe.

---

## **Installation of Generator Exhaust Stack Outside the West Building**

Starting Monday, July 11, work will begin at night to install a generator exhaust stack up the side of the West Building. The location is at the delivery drive between the West and BJCIH buildings. The work is expected to take ten weeks.

---

## **Access Road Closed to BJCIH Dock**

On the following dates and times, the service drive will be closed from Taylor Avenue to the BJCIH loading dock to allow stone scaffold removal on the south side of MCC, to allow installation of precast concrete at the BJCIH loading dock entrance and to allow setting of stone scaffold on the southwest side of MCC. Pedestrian traffic will not be affected by this shutdown.

Saturday, July 9 from 6am to 6pm

Saturday, July 16 and Sunday, July 17 from 6am to 6pm

Friday, July 22 to Monday, July 25 from 6pm to 5am

---

## **Update on Parking Garages**

Sent on Behalf of BJC:

Construction of the link connecting the employee parking garages to the main campus is progressing; however, it is slower than anticipated. The limited hours contractors can work overnight and unforeseen construction conditions have affected the scheduled completion date.

To expedite the schedule, the access road will close in two phases beginning Monday, July 11. Contractors will maintain access at all times to either Taylor Avenue or Newstead Avenue, never completely closing the road.

Exact phasing will follow and will be communicated.

### ***Duncan Central garage***

The garage will remain accessible from either Taylor or from Newstead at all times.

The entrance from Duncan Avenue will remain an entrance.

### ***St. Louis Children's staff garage***

The garage will remain accessible from Newstead at all times.

The Duncan Avenue entrance/exit will not be affected.

(Duncan/Taylor garage is Campus Renewal contractor parking). Signs will be posted to direct employees.

Please see the [map](#) for more information.
